

CELTIC SPRING TECH RIDER

CELTIC SPRING PROVIDES:

5 Sennheiser wireless pick-ups with frequency agility for 5 fiddles

MACKIE CFX 12 mixer for premix of fiddles

Condensor mic for bodhran (Irish drum)

Yamaha P-140 keyboard (unless the band is travelling by air)

12 X 16 foot dance floor surface (unless travelling by air)

NB: Backline need for keyboard and dance floor surface if band is travelling by air. See below for floor details. KEYBOARD MUST HAVE 88 WEIGHTED KEYS.

PRESENTER WILL PROVIDE:

A stage with minimum dimensions of 30' wide by 20' deep. The stage must have a flat, even, non-slick/non-varnished wooden surface. If the entire stage surface is not wooden, then a none-elevated wood dance floor of 16' feet wide and 12' deep shall be provided and positioned as indicated on the stage plot. Six sheets of plywood, 5/8 inch or thicker, may be duct taped together to meet this need. Professional grade high-gloss theater dance floors are acceptable. Fiberglass tipped hard shoes will slip on any slick surface. PLEASE CONTACT THE BAND IF YOU HAVE ANY QUESTIONS ABOUT THIS!

2 six foot tables draped in black cloth

1 four foot table for our mixer and wireless receivers

6 armless chairs

2 six foot tables and 2 chairs for CD and T-shirt sales and signing.
